All students must graduate with a minimum of 124 hours, 36 of which must be at the 3000/4000 level.

Notes about major requirements:

- Soc Sci/Ecol/Poll (9 hours). Take three semester hours from each group: Soc Sci (ENV 2376, 3300, 3320, 4307, 4310, 4350, or 4393); Ecol (ENV 2407, 3306, 4450); Poll (ENV 2375, 3316, 3333, 3387,4344, 4349 or 4370.)
- Lab−1 Semester hour: ENV 2175, 3106, 3133, 3216, 4287, one hour from 2407 (lab), one hour from 4450 (lab)
- ENV Research (min. 3 / max. 6 hours of research, internship, team projects, thesis or field studies from): ENV 3301, 3V90, 3V93, 4V90, 4V93, (4199 & 4299), 4302, 4315, 4332, 4394, 4613, 4680.
- Check with the department over differences between 2006-2007 & 2007-2008 catalog.
- ENV 1301,1101 are offered every term. ENV 2375/2175 and 3333/3133 are on an every other year rotation. ENV 2407 and ENV 3306/3106 are on an every other year rotation. These courses fill the pollution and the ecology requirements so plan ahead.
- At least fifteen semesters hours of the entire environmental studies major must be 3000 - 4000 level courses.
- Chemistry: At least three semester hours from CHE 1405, 1300 or 1301. If a student chooses to take either CHE 1300 or 1301, they should consider taking the corresponding lab (1100 or 1301) so that this credit will also count toward the Lab Science Area 2 general requirement.
- Many students take their internship requirement of 3 credits in the summer.
- The department recommends study abroad options for language training, especially in the second year. The cultural experience can be invaluable.
- Students should begin the second or dual major as soon as possible. Most require at least an additional 30 hours. So choose wisely. Ask a departmental advisor to help.
- English requirement: Students are allowed to take either ENG 1304 or FAS 1118, 1128, and 1138. Students majoring in the sciences may take ENG 3300 instead of ENG 1304.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
- For more information, see the undergraduate catalog.

Please see reverse side for important information on general requirements.

Notes about General Requirements:

- Course selection is subject to availability within each semester.
- Please keep in mind that this is only a suggested sequence. Actual sequence will vary according to possible second major, minor, other program of study (including pre-health), and individual circumstances (ex., transfer credit, dual credit, and credit by exam).
- In order to complete your degree, you must fulfill all requirements in your major and general requirements for the Bachelor of Arts.
- To complete a double major, you may not count any courses toward both majors.
- For more specific information on general requirements, see the undergraduate catalog.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
