The Baylor University Department of Philosophy is pleased to announce “Hume and His Critics: A conference on the Scottish Enlightenment,” to be held April 14-16, 2005 in honor of Elmer H. Duncan. The program committee invites submissions of 300-500 word abstracts of papers on topics related to the work of any philosopher from the period that has come to be known as the Scottish Enlightenment. The conference planners intend for the final conference program to reflect the diversity of thought represented in the period; therefore, we will consider papers on a wide variety of figures and areas of philosophical thought. Proposals for panel discussions or book sessions are also welcome.

Final papers should be around 30 minutes reading length. Notification of acceptance will be mailed by February 15, 2005. Electronic submissions in Microsoft Word format are welcome and encouraged. Abstracts should include name, affiliation, mailing address, and e-mail address (if available).

Abstracts should be mailed to:
