**Notes about major requirements:**

- Additional sociology courses may be added as electives. Courses in anthropology and social work do not apply toward a major in sociology. Sociology 4381 has a prerequisite of SOC 3402 or equivalent.
- English requirement: Students are allowed to take either ENG 1304 or FAS 1118, 1128, and 1138. Students majoring in the sciences may take ENG 3300 instead of ENG 1304.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
- For more information, see the undergraduate catalog.

*Because of the number of electives, there is enough room for a minor with this major.

**Please see reverse side for important information on general requirements.**
Notes about General Requirements:
• Course selection is subject to availability within each semester.
• Please keep in mind that this is only a suggested sequence. Actual sequence will vary according to possible second major, minor, or other program of study (including pre-health), and individual circumstances (ex., transfer credit, dual credit, and credit by exam).
• In order to complete your degree, you must fulfill all requirements in your major and general requirements for the Bachelor of Arts.
• To complete a double major, you may not count any courses toward both majors.
• For more specific information on general requirements, see the undergraduate catalog.
• Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
