**Notes about major requirements:**

- Potential Russian majors are encouraged to complete their foreign language requirements as soon as possible.
- Students must take six hours of RUS courses at the 4000-level.
- Three hours of 1000-level and RUS 2310 and 2320 are included in the 27 hours in the major. If you begin at the 2310 or 2320 level, you will have to take additional classes to meet your required hours.
- Verify prerequisites on all of the courses you intend to take.
- English requirement: Students are allowed to take either ENG 1304 or FAS 1118, 1128, and 1138. Students majoring in the sciences may take ENG 3300 instead of ENG 1304.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
- For more information, see the undergraduate catalog.

*Because of the number of electives, there is enough room for a minor or second major with this major.

Please see reverse side for important information on general requirements.

---

All students must graduate with a minimum of 124 hours, 36 of which must be at the 3000/4000 level.
Notes about General Requirements:
- Course selection is subject to availability within each semester.
- Please keep in mind that this is only a suggested sequence. Actual sequence will vary according to possible second major, minor, other program of study (including pre-health), and individual circumstances (e.g., transfer credit, dual credit, and credit by exam).
- In order to complete your degree, you must fulfill all requirements in your major and general requirements for the Bachelor of Arts.
- To complete a double major, you may not count any courses toward both majors.
- For more specific information on general requirements, see the undergraduate catalog.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
