Choosing our theme....

This year's theme, "Taking Time to Smell the Roses" is significant for advisors for several reasons.

The theme of our advisor event in April 2007 was "Advisors Plant the Seeds of Success" and we wanted to build on that original thought. Advisors plant the seeds of success with students and then they observe, guide, and assist those students as they develop and grow.

This theme also implies that advisors do need to take time periodically to step back and appreciate the work that they've accomplished and the work that WE as an advising community at Baylor have accomplished together. Advisors work hard to impact students' lives and encourage growth. It is our desire that you will, indeed, take time to stop and smell the roses along the way as you continue the important work you do for Baylor.

Academic Advisement
presents:

Day of the Advisor

*"Taking Time to
Smell the Roses"*

Friday, May 2, 2008

Featuring
Dr. Wes Habley
as keynote speaker

We are pleased to present
as our very special
guest speaker,

Dr. Wesley Habley,

Principal Associate for
ACT Educational Services
in Iowa City, Iowa.

Dr. Habley will give the
keynote presentation,

**“Academic Advising
and Student Success”**

(Please see back panel for
details about Dr. Habley’s
accomplishments.)

**Additional speakers that
day include:**

Al Beck, Admissions & Advisement
Coordinator—Honors Program;
Dr. Jay Dittmann, Assistant Profes-
sor—Physics; **Linda Johnson**, Associ-
ate Director—Academic Advisement;

Margaret Lemon, Manager of
Student Systems—ITS; **Joyce Miller**,
Director—Academic Advisement;
Dr. Sinda Vanderpool, Director—
College of Arts & Sciences Advise-
ment; **Allison Atkinson**, sophomore
Political Science pre-law student;

Britt Berg, sophomore French
pre-med student; **Ethan White**,
sophomore Biochemistry student

**Day of the Advisor
Friday, May 2, 2008
309 Truett Seminary**

Session I—9:00 to 9:50 a.m.

We will take a historical look at academic
advising at Baylor as well as the vast
changes we have experienced through the
years and the recent strides that have been
made.

Session II—10:00 to 10:50 a.m.

We will hear from a faculty advisor, an
experienced professional advisor and a
newer professional advisor. They will
share their philosophy of advising as well
as a look at some of the current best
practices in advising at Baylor.

Session III—11:00 to 11:50 a.m.

Our final session will involve a look at the
future of academic advising at Baylor and
will conclude with an interactive discus-
sion which includes participants.

**Luncheon and Keynote Speaker—
12:00 to 1:30 p.m.**

Piper Great Hall—Truett Seminary

A buffet lunch will be served and
Dr. Habley will share his presentation.

Even if you are unable to attend the
morning sessions we hope you will
join us for this special luncheon.

**Register to attend the
morning sessions!**

We encourage you to register
for each of the three morning
sessions by accessing the POD
(Professional and Organiza-
tional Development) website
<http://www.baylor.edu/pod/>
since seating is limited. The
three morning sessions will
be in Truett 309 and the
luncheon will be in the
Piper Great Hall in Truett.

*We certainly hope that even
if your schedule does not
permit you to participate in
all of three sessions you will
join us for as much of the
program as possible.*

**RSVP to attend the
luncheon!**

If you plan to attend the
luncheon and keynote it is
very important that you
RSVP. Please either call
710-7280 or email
Laura_Scott@baylor.edu
and we will be glad to add
your name to the list.
