*Courses with a * indicate fall or spring ONLY

*All students must graduate with a minimum of 124 hours,
36 of which must be at the 3000/4000 level.***Notes about major requirements:**

The interior design program requires that each student present for formal review a portfolio of design projects the term before entering interior design classes at the junior level or above. This review is a selective process by which the design faculty identifies students who are prepared in skills and knowledge to proceed to the junior level studio courses.

The interior design curriculum is designed to provide the skills, knowledge, and learning experiences that prepare students for professional careers with interior design and architectural firms, other design-related careers, or graduate education. The academic preparation addresses competencies necessary to maintain accreditation through the Council for Interior Design Accreditation (CIDA) and prepares students with the knowledge and skills necessary for passing the National Council for Interior Design Qualification (NCIDQ), the qualifying exam leading to interior design certification and preparation for licensure.

A grade of "C" or better in all family and consumer sciences courses used for the major and a "C" average in courses taken outside the department.

Freshman students declaring interior design as their major field of study should register for FCS 1332 and 1313 their first semester. Interior design courses must be taken in sequence.

A student entering the program after their freshman year or transferring to Baylor with 30 plus hours, please be advised that due to course sequencing and prerequisite requirements, it will take a minimum of three to four additional years to complete the interior design degree. This is dependent on status of degree upon entering the program.

Check your degree audit often through Bearweb. For more information, see the undergraduate catalog.

Please see reverse side for important information on general requirements.
