Baylor > Campus Recreation > Outdoor Adventure > Trips & Programs > Adventure Trips > Photo Share

Photo Share

Welcome to the Baylor Outdoor Adventure Photo Sharing site! Our purpose is to help you connect with other trip participants who either have photos to share with the group or who want to see your photos. Below are the steps for sharing and viewing the photos from our latest trips.

Note:

all photos are full resolution and may take additional time to upload or download. We use BearSpace file sharing. Our on-campus network is substantially faster than accessing the links from your home network.

SHARE YOUR PHOTOS:

These links are for everyone who wants to share their photos with the rest of the group. For instructions on how to upload your photos, [click here](#).

Share Photos – Fall Break 2011

VIEW PHOTOS:

Didn't bring a camera along? Want to check out someone's photos from your recent adventure? Simply click on your trip below. You'll see two items, the bottom one is for browsing on the web. The top one you can download. Enjoy!

OUTDOOR ADVENTURE

**BU**

You will be prompted to Login to your Bearspace account (you might be asked twice):

Click on the “Upload Files” link:

For quicker uploads use the “Advanced Upload:”

Upload

For faster uploads, including the ability to upload folders and their contents, try our [Advanced Upload](#).  
Note that Advanced Upload requires [Java, version 5 or higher](#) available from Sun Microsystems.
