ONE SPONSORSHIP — THREE ARENAS OF IMPACT

ACCELERATED VENTURES, BAYLOR ANGEL NETWORK, & THE BAYLOR ENTREPRENEURSHIP NEW VENTURE COMPETITION

The Hankamer School of Business is developing the entrepreneurial spirit through our early stage venture programs. In Accelerated Ventures, student teams form a company and achieve break-even operations in a year. With Baylor Angel Network, students review 50-75 businesses for potential investment from BAN members. The New Venture Competition gives Baylor and other university student's the opportunity to write a business plan, learning pitching, and receive feedback from investors while winning cash prizes.

entrepreneurship empowering the future

WWW.ACCELERATEDVENTURES.COM

Ground-breaking program challenging student entrepreneurs to form, operate, and grow a venture from ideation to profitability in one year. BAN investors provide \$5,000 in seed capital to every team to get started. Industry experts provide key professional services.

WWW.BAYLOR.EDU/BUSINESS/ANGELNETWORK

Baylor Angel Network provides a hybrid educational opportunity giving students a one-year analyst internship with the network while providing key didactic education on early venture funding. Angel Members provide key mentorship and networking for these up and coming business stars!

WWW.baylor.edu/business/newventurecompetition

Baylor Entrepreneurship's Business Plan competition flagship. Teams from all over Texas and beyond compete for cash prizes and receive investor feedback in this multi-stage event culminating in presentations on March 1-2 with on campus presentations!

3 Programs

1 Sponsorship

Accelerated Ventures—the premier build your own business in a year course-based student entrepreneur mentoring program creating eight new businesses each year!

Baylor Angel Network—the angel investment network providing hands-on student involvement, alumni engagement, and endowment building while funding new ventures including the Accelerated Ventures.

New Venture Competition—an expanding and exciting venture competition fostering venture development in the e-commerce, cloud services, web services, and mobile space. Funded by a generous gift, the competition currently provides over \$50,000 in cash prizes.
