Involvement Opportunity-Student Government Programming Agency
Student Government is launching Student Government Programming Agency this semester. This program is designed to involve students who have been neither elected nor appointed to a position within Student Government. This program is intended for emerging leaders at Baylor University. Interested students will work as a team to plan and host numerous Student Government events. The members will also get an in-depth look into Student Government and the University that the average student does not get to experience. For additional information or for an application, contact B_Kim@baylor.edu.

The General SG Application
All applications are available online at www.baylor.edu/sg/index.php?id=65000. For additional information, contact B_Kim@baylor.edu.

Healthy Monday Tip
Outdoor activity may provide more benefits than staying inside. In a recent study, those who exercised outside reported a more enjoyable experience and left feeling more energized and less tense. Getting out into nature can also help you revitalize and ramp up your routine. Make the most of Earth Day by enjoying the outdoors this week. Bring one of your favorite indoor activities outdoors. You can try running, biking, swimming, even yoga. Or use this opportunity to try a completely new activity. For additional information, contact Lori_Genous@baylor.edu.
