</tbody>
</table>

*This plan allows for a total of 45 hours in General Studies. The General Studies requirement is 42-50 hours, depending on your prior foreign language study. If you do not have any prior foreign language study and do not transfer any credits, either through AP course work or course work taken at another approved institution, you will have an additional 5 hours of General Studies course work to complete (either through larger loads during the semester or summer term). You are strongly encouraged to take summer term courses, either at Baylor or at another approved institution, in order to reduce the overall hours you are taking each semester. A maximum of 15 hours can be transferred in from another institution.
