Happy Thanksgiving!

- If traveling over the break, be safe. If you’re staying here or going to be in the Waco community, this information will help you know more about available facilities and services.
- The Baylor Police Department reminds you of these pointers to help you remain safe:
  - Be aware of your surroundings. Know where you are, where you are going and what is going on around you. Pay attention to people, events and potential exit routes.
  - Do not carry large sums of money.
  - Be prepared. Little details like a fully-charged cell phone, an extra house key, and emergency cab fare can really come in handy if things go wrong.
  - Travel as a group. If possible, travel with another person. This is especially true after dark.
  - Plan ahead, whether your agenda includes a night out on the town or a long evening studying at the library, make a safety plan in advance. Mention your plan to your friends and let someone know if your plans change.
  - Do not go to an ATM at night.
  - Travel on well-lighted and well-traveled streets at night. Walk in the middle of the sidewalk and never loiter in deserted areas.
  - Act confidently. Pay attention to everything around you, and stand or walk confidently like you know where you are going even if you don’t. Walk with your head up; look around; notice everything. Always scan your immediate surroundings. In addition, keep your distance when walking past strangers on the street or in dark areas.
  - Hide valuables. When walking in a parking lot keep your purse inside your coat or tucked close to your body. Do not carry a loose bag or backpack.
  - Be aware of people who approach asking for directions or the time of day. Keep a polite but safe distance.
  - If you are confronted with a dangerous situation, YELL, do not scream. Screaming can be mistaken for “joy” instead YELL “No” or “Get Back” to attract attention.
  - Keep an eye out for anyone who is loitering or hanging out around your home/campus, after school/work.
  - When you get home, particularly after dark, do not hang around at the entrance of your residence. Make a quick check for mail and go in right away. If you feel something wrong, do not go in; go to a friend or neighbor’s house and call for police assistance. Install photocells on your porch lights to ensure your light is on before you arrive if after dark.
  - Trust your intuition. When attending holiday activities with strangers and you begin to feel uncomfortable, pack up your stuff and get out of there. Your safety is more important than being polite.
  - Do not hesitate to call the police when you see something that does not seem right.

If you have need, please call:
- Baylor Police Department: 254-710-2222
- Mental health: 254-710-2467
- Physical health: 254-710-1010
