

Request for Collaborative Piano Services

To be given full consideration, the form below must be submitted by the following dates:

September 7, 2011 for *Fall* semester degree recital or weekly lesson requests;

December 9, 2011 for *Spring* semester degree recitals or weekly lesson requests;

*Please be sure to include at least the approximate date you would like to perform,
And list repertoire information as completely as possible.*

Since Baylor has only a limited number of collaborative pianist hours, the assignment of these hours is prioritized as follows: once all courses are covered, graduate recitals* are assigned first, followed by senior recitals*, and the junior recitals*. Music Hour performances and weekly lessons are covered as hours are available.

**Pianists for degree recitals will be provided for one semester only.*

For recital preparation in the semester prior to the recital, please request weekly lessons and specify the approximate number of lessons for which a pianist will be needed.

Concerto competition and special recitals cannot be accommodated at this time.

For these and other needs, a list of freelance pianists will be made available to all applied teachers.

Additional copies are available at Dr. Ayer's office (RG 209).

Please direct any questions to Dr. Kae Hosoda-Ayer at

Kae_hosoda-ayer@baylor.edu

Please detach form and return to RG 209 by date listed above.
