^cThis plan allows for a total of 38 hours in General Studies with a load of 18 hours each semester (except the student teaching semester). The General Studies requirement is 42-50 hours, depending on your prior foreign language study. If you do not have any prior foreign language study and do not transfer any credits, either through AP course work or course work taken at another approved institution, you will have an additional 12 hours of General Studies course work to complete (either through overload or summer term). You are strongly encouraged to take summer term courses, either at Baylor or at another approved institution, in order to reduce the overall hours you are taking each semester. A maximum of 15 hours is transferable from another institution.
