Rescheduled RefWorks Seminar Tomorrow

Because the power went off during one of the RefWorks sessions in September, a “make-up” RefWorks seminar is being offered on Wednesday, Oct. 10 from 2:00-3:30 p.m. in the Jones 105 classroom.

RefWorks is a web-based tool (comparable to and compatible with EndNote) that can build a personal database of bibliographic citations by importing the citations from online library databases. Citations can be collected from databases or added manually, organized in folders, cited in papers and automatically formatted for bibliography and footnotes for specific styles (MLA, APA, Chicago, etc.). The citations can also be searched within your personal RefWorks database.

Anyone can attend a RefWorks seminar and learn how to set up your RefWorks account, import references from library databases, create your own records, create folders, use the citations in research papers and learn about an additional feature of RefWorks – RefShare.

If you are interested in attending, please sign up at the [POD](#) website.

Christmas Box Project Needs Your Help

We have nearly completed 16 boxes for the Samaritan's Purse Children's Christmas Box Project. We still need toiletries and small toys without batteries to fill six more boxes, or donations of \$7 can be made to help cover shipping and handling costs for each box. The deadline is Oct. 25, and any amount will be accepted.

For more information, contact Carol Schuetz at x4410 or DeAnna Ferguson at x1613.
