

Basic Premed/Predent Prerequisite Guidelines*

Biology (BIO)	Chemistry (CHE)	Physics (PHY)	Math (MTH)**	English (ENG)
1305 & 1105 (lab) 1306 & 1106 (lab)	1301 & 1302 1316 (lab) 3331 & 3332 3238 (lab)	1408 & 1409 Or: 1420 & 1430	1304 and/or 1321	1302 1304 Or: 3300

Choice of 2 additional BIO courses for Science majors (see prehealth office for suggested courses to fulfill this requirement)

**NOTE: It is the student's responsibility to meet with an advisor in the prehealth office to determine specific courses for professional school admissions and to verify that the sequencing of coursework is appropriate for individual programs. This handout only serves as a general guide on which to build the foundation for academic requirements. Professional schools may accept alternate courses and/or change prerequisites at any time.*

***Although dental schools do not have a math requirement, math is a prerequisite for some required coursework.*

The prerequisite requirements for PreVet, PreOpt, PrePT, PreOT, PrePharm, PrePA, and PreDental Hygiene programs will vary. Students in these areas are urged to visit the prehealth office for course lists.

Baylor Prehealth Office: BSB, B.111

Email for Appointment: Linda_B_Haynes@baylor.edu (Students with 45 HRS .or fewer completed; Premed, Predent, PreVet, PreOpt, PrePT, PreOT, PrePharm, PrePA)

Nancy_Johnson@baylor.edu (Students with more than 45 HRS. completed; Predental Hygiene students, or to inquire about professional school applications)
