

HHPR FACULTY RESEARCH ASSISTANT REQUEST FORM

In effort to streamline graduate assistant research assignments to respective faculty members it is necessary to complete the form below and submit it to Dr. Mike Greenwood no later than finals week of each semester. Submitting your requests at this time will allow the graduate coordinator to include this information in the graduate orientation schedule and make relevant assignments prior to the upcoming semester. Please provide the following information only for the projects that you are considered the PRIMARY INVESTIGATOR (PI). Please complete separate forms for each of your projects. Thanks for your time and consideration with this matter.

Title of your project: _____

Please briefly describe the nature of your project (i.e. descriptive, experimental, historical, meta-analysis)

If you were assigned a research assistant(s) last semester and would like to retain that student please provide their name(s) _____

Is the project funded (Only indicate yes if the funding is secured)?

Yes

No

If funded, is the grant external or internal?

External

Internal

Please indicate what stage your research project is in (literature review, instrumentation development, IRB, data collection, data analysis, presentation development, manuscript preparation, etc) _____

What is the proposed approximate timeline for completing this project? _____

What is the proposed number of subjects for this project? _____
