Synopsis:

Viewers will learn how to:

- Analyze their tasks
- Select the right delegate
- Communicate effectively throughout the process
- Ensure successful results

Delegating means relying on someone else to do a job that you're responsible for. It's not easy when time and accuracy are at stake. But to run an organization efficiently, delegating must be a skill everyone masters. Learn the keys to win-win delegation from watching the process unfold in this clever and entertaining how-to video. You'll see the specific steps for success...as well as hilarious portrayals of people's deepest fears about delegating.
