Length: 30 minutes

Synopsis:

Based on an exhaustive review of thousands of actual employment law cases and input from over 200 top employment law attorneys, this brand new management training video addresses the nine most common mistakes made by managers that are likely to explode into costly employment law litigation later. The video uses a compelling dramatization format and interviews with experts to raise awareness and change behavior regarding:

- Failure to document
- Failure to train
- Failure to keep evidence
- Grade inflation
- Failure to consult HR
- Inappropriate e-mail use
- Inconsistent treatment
- Inappropriate talk about former employees
- Uncontrolled references
