

Energy Future Holdings

Job Title:

I & C Tech- Full-time

Requisition#:

634561233

Available Positions:

1

Company Overview/Summary:

Energy Future Holdings Corp., formerly TXU Corp., is a Dallas-based, privately held energy company with a portfolio of competitive and regulated energy subsidiaries. TXU Energy, Luminant and Oncor, EFH's primary businesses, serve the high-growth Texas electricity market, which is one of the world's largest and among the nation's most successful competitive markets.

JOB DESCRIPTION:

- Provides enhanced technical support to the mechanical and electrical/electronic components of mining and radio communication equipment at the mine
- Comply with safety policies and procedures to ensure a safe working environment and increase the safety awareness of the employee and coworkers
- Implement and assist on any special projects and committee assignments that require technical expertise
- Maintain all prints, schematics, and calibration records of the operating equipment at the mine to ensure accuracy of all required documentation
- Effectively interface with support staff and other TXU personnel to ensure consistent work practices and sharing of knowledge to optimize efforts in performing mining activities

MINIMUM QUALIFICATIONS:

- High school diploma or GED equivalent
- Electronic technical training from an accredited school preferred
- MSHA electrical green card preferred
- 2-4 years electronic experience preferred with large rotating D.C. equipment experience

Benefits Include:

- Competitive compensation
- Paid holidays
- 401 K with company match
- Health, dental and vision plans

LOCATION:

Fairfield, Texas.

All interested candidates must apply online at: www.energyfutureholdings.com to requisition number: 634561233 to be considered for this opportunity.

We are an equal opportunity/affirmative action employer.
