ACCESSING THE ACADEMIC REFERRAL SYSTEM

This webpage was created to help faculty members see how to access the online Academic Referral System using three different Baylor websites. Instructions for Faculty & Staff website, Blackboard, and ClassRoll are included in this document.

If you have questions about the information on this page, please contact Ronald English.

FACULTY & STAFF WEBSITE

There were some changes to the Faculty & Staff webpage as well and has made finding the Academic Referral link less intuitive for some. The link is easily accessed if you hover over the "Online Tools" on the left side of the page. The link will appear in the "Featured Links" section at peak times during the fall and spring semesters. Please see the visual below for the times the link is not a part of the "Featured Links."
BLACKBOARD

Due to some changes in Blackboard, accessing the link for making referrals is a little more involved than the previous version. Rather than the link being on the left side of the page, you must first click on the "Faculty Information" tab to see the link to make a referral. Please see the visual below.
