Synopsis:

Credibility introduces the six disciplines of credibility and defines leadership as a relationship, with credibility as the cornerstone. The management experts James M. Kouzes and Barry Z. Posner have probed into the question of what are the qualities that make a successful leader. This video, based on their third book on the topic of leadership, refines the definition of credibility and how to build and maintain it. Struggles and discussion topics in the video include:

1. From Excellence to Excess
2. From Self-discovery to Arrogance
3. From Appreciate to Fragmentation
4. From Affirmation to Rigidity
5. From Development to Vanity
6. From Service to Subjugation
7. From Hope to Dependence
8. Balancing Freedom and Constraint
9. Renewal
