

Annual Service Awards

HONOREES More important than the grounds, buildings, facilities, and equipment are the people who work and serve at Baylor University. Recognizing the extraordinary contributions each makes to the lives of our students and to the operation of the University is one of the most meaningful and enjoyable opportunities we have each year.

This ceremony publicly acknowledges each individual's many years of loyal service, and we are proud to honor our personnel accordingly. We also view these awards as an expression of sincere appreciation to all who have worked diligently, faithfully and successfully for Baylor University. The awards are for service through the preceding year.
