

STUDENT UNIFORM DRESS CODE

The uniform dress code is designed to assist the students and the faculty to maintain consistency in dress attire as is considered appropriate and safe for professional nursing practice. When representing the School of Nursing in the hospital and the community, students are expected to adhere to dress codes as specified by the particular agency. Students are not to wear BULHSON patches or pins when working in hospitals or other health care agencies for pay. Students are role models and should be clean, neat, and well-groomed at all times. Specific requirements are stated in the following outline:

Full Uniform

1. Women: white uniform dress, skirt or split skirt and matching top, white pants and matching top **OR** green scrub top with green pants or skirt. May wear the matching green warm-up jacket. A plain white t-shirt under scrub top is recommended so as not to reveal midriff or cleavage. Appropriate length for skirts, split skirt or dress uniform is knee length to mid-calf. No sweaters on clinical units.
2. Men: **Landau brand only** white or green scrub top and white *or* green **Landau brand** pants.
3. Both hunter green and white scrubs should be **Landau brand only**. Pants should be style number **8550, 7602, 8335**, tops should be style number **7502 or 8219**. Hem of pants should **NOT** touch the floor.

4. **Landau brand** Scrub Jackets in unisex style number **7525**, are permissible and the Baylor University Louise Herrington School of Nursing patch must be sewn around the edges on the left sleeve (midway between left shoulder and elbow).
