

Baylor University

The Department of Mathematics at Baylor University invites applications for a postdoctoral position, starting in August 2010. This position may be renewable annually to a maximum of three years and is not a tenure-track position.

Customarily, the teaching load is two three-hour courses each semester. Salary and benefits are competitive. Excellence in teaching and research is essential. The department seeks candidates whose research interests are compatible with those of current faculty. Active research areas in the department are in the general areas of algebra, analysis, differential equations, mathematical physics, numerical analysis, representation theory, and topology.

Candidates should possess an earned doctorate in the appropriate field of study by August 2010. Please submit all application materials (including a letter of application, a current curriculum vitae, a copy of an original doctoral transcript, and statements describing interests and goals in research and teaching,) through MathJobs.org via the URL <http://www.mathjobs.org/jobs>. In addition, at least three recent letters of reference must be made available on MathJobs.org. Please include tracking ID F004321 in your application. If necessary, all application materials, including letters of reference, can be sent to: Chair, Search Committee – Re: F004321, Department of Mathematics, Baylor University, One Bear Place #97328, Waco, TX 76798-7328. To ensure full consideration, an application should be received by November 15, 2009, but applications will be accepted until the position is filled or the search is terminated.

Baylor University has approximately 14,000 students. The department has 30 faculty members and offers B.A., B.S., M.S., and Ph.D. degrees. The university provides generous benefits. Please visit the Baylor web sites <http://www.baylor.edu> and <http://www.baylor.edu/math/> for further information about the university and the department.

Baylor University is affiliated with the Baptist General Convention of Texas. As an Affirmative Action/Equal Employment Opportunity Employer, Baylor encourages minorities, women, veterans, and persons with disabilities to apply.
