CONSENT FOR VIDEO/AUDIO TAPEING
BAYLOR UNIVERSITY COUNSELING CENTER
One Bear Place # 97060
Waco, TX 76798-7060

The Baylor University Counseling Center (BUCC) serves as a training site for advanced doctoral level graduate students. These advanced trainee counselors are supervised by our senior staff and required to record sessions for supervision purposes. With your signature below, we are asking for permission to record your sessions.

*These recordings are given the same protection as all other confidential information and are used for training and supervision purposes only.*

Recordings remain confidential, are erased on a regular basis, and any remaining recordings are destroyed before the start of each semester. You have the right to decline having your sessions recorded. In this case you will be assigned to a senior staff member but may have longer to wait for an available opening. If you have questions please speak with your counselor.

I the undersigned student, consent to have my individual/group counseling sessions video/audio taped by senior staff and/or graduate assistant counselors for the purpose of supervision and training. The content of the video/audio tapes is confidential and will be erased on a regular basis.

I understand that counseling services provided by the graduate assistant counselors are supervised on an ongoing basis.

This consent expires in 12 months unless I specify another date: ____________________

I understand that I may revoke this authorization at any time by notifying the Baylor University Counseling Center in writing, and this authorization will cease to be effective on the date specified in my notification, except to the extent the BUCC has already acted in reliance upon the consent to video/audio tape.
