How might I grow as a servant leader?

Broaden cultural competency

Gain knowledge of Ghana’s healthcare systems

Understand deeper the importance of community health

Understand the health needs in a developing country

Improve the ability to advocate for the needs of the most vulnerable patient populations in the world

Contribute to increasing the literacy rates of vulnerable children

In keeping with Baylor’s Christian mission to educate men and women for worldwide leadership and service, the Office of Community Engagement and Service (CES) provides the campus-wide infrastructure for coordinating, supporting and advancing informed community engagement with the intention of leveraging the university’s collective influence toward promoting positive social change.

Ghana Leadership
May 15, 2016 – May 28, 2016
Community Health Initiative

“We can cure physical diseases with medicine, but the only cure for loneliness, despair, and hopelessness is love. There are many in the world who are dying for a piece of bread but there are many more dying for a little love. There’s a hunger for love, as there is a hunger for God.”

-Mother Teresa
COST: Projected cost is 3,200.00. This cost covers airfare, accommodations, and food. Students will be responsible for the following additional expenses: required immunizations, Malaria prescription, passport, and two additional passport photos. Students will also be responsible for purchasing personal items.

NOTE: Applications and airfare costs are due by December 2nd.

APPLY: http://www.baylor.edu/spirituallife

Cultural Sites: Manhyia Palace Museum, Cultural Centre, KaKum National Park, Bonwire Kente Village, Lake Bosumtwi, Elmina Castle, Anomabo Beach Resort

MISSION ACTIVITIES

Bramuo Medical Center and the Village of Kyerekrom
Students will assist in providing care to patients in Bramuo Medical Center and the Village of Kyerekrom. They will also participate in village health fairs and learn more about the health concerns of Ghana. Students will be introduced to a new medical diagnostics center near Kumasi, where they will learn the ins and outs of creating a new village hospital.

“Wherever the art of Medicine is loved, there is also a love of Humanity.” – Hippocrates
