Faculty/Staff SPSS for Home

To install SPSS on a Faculty/Staff personal computer, you will either need to be logged onto the Airbear wireless system, or connected to the system through VPN. For VPN instructions see https://www.baylor.edu/its/index.php?id=40323.

Once you are connected to Airbear or through VPN, log onto the Appcenter (www.baylor.edu/appcenter) and install SPSS following the instructions listed in the Appcenter.
