SAP Hardship Policy for Tuition Equalization Grant (TEG)

In the event of a hardship or for other good cause, an otherwise eligible student under the 2006 Revised TEG Program (awarded initial TEG after 09/01/2005) may be allowed to receive an award if:

- Completion rate below state SAP requirements
- CGPA is below state SAP requirements
- Number of completed hours below state SAP requirements

Such conditions may include but are not limited to:

- Severe illness or other debilitating condition that affects academic performance
- Death of a family member
- Divorce of parents

For students beyond their second year of undergraduate study, a designated financial administrator will assess each appeal on a case-by-case basis once a student has submitted a TEG Hardship Appeal. We will use professional judgment to determine if the appeal warrants an exception after reviewing the totality of the individual student’s situation. If a student loses eligibility for TEG, he/she may be assessed for reinstatement the following year as part of the Satisfactory Academic Policy review. We will only perform a midyear review of a student’s’ CGPA and earned hours if requested by the student.
