General Information for Completing Application

We are delighted that you are interested in applying for admission for Baylor's University for Young People (UYP). UYP is a summer enrichment program for students entering 1st through 12th grade. Students entering grades 1 through 4 can attend the Creative Problem Solving Camp and/or Discovering Ideas with Technology. Students entering grades 4 through 12 can attend one, two, or three of the one-week sessions held on the Baylor campus. For more information or to see a catalog of 2016 summer classes, please visit www.baylor.edu/SOE/UYP. We hope to release the 2017 course catalog by early May 2017.

The application consists of six parts:
1. Student Information (to be completed by you and/or your parents/guardians)
2. Student Product (to be supplied by you)
3. Parent Survey (to be completed by your parents/guardians)
4. Teacher Survey (to be completed by your teacher)
5. School Information Forms (to be completed by your teacher or testing coordinator)
6. $15.00 application fee to cover the costs of processing the application.

All parts of the application must be on file in our office before your application will be reviewed by our admissions committee.

We do require that all students provide both an achievement test score and an aptitude (IQ) test score that have been taken within the last 2-3 years or documentation of acceptance into your school’s gifted program. If your school is unable to provide one or both of these scores, we provide testing for a fee. Email the Center at CenterSupport@baylor.edu or call 254-710-2171 for further information or to schedule testing.

The Center does not have a set application deadline. Students can apply at anytime during the year. It is advisable to have your completed application to our office between the by early May, if possible. If you have difficulty meeting this time frame, please go ahead and complete the application. We will make every effort to get it reviewed by the time classes begin.

Please note that if accepted to UYP, there is no need to apply again. Annual registration information will automatically be mailed to you.

Student Product

Dear Student:

Think about a specialty or talent that you would like to share with us. It might be something that you did at home, at school, in a special class, or at a camp. Be sure to label the product by including your name and why you think that this is an example of your best work.

Products may include:

- Recordings of a musical performance or speech
- Drawings, paintings, or other flat art work
- Photos of three-dimensional work
- Stories, plays, poetry, or other written work
- Movies, presentations, or other computer generated work
- Awards from school-wide or state-wide competitions
- Scientific or mathematical projects

Please send at least one product and no more than three products.
