Before You Drop a Course Checklist

Click here to access the Add / Drop Form. Complete it online and then print.

COMPLETE THIS CHECKLIST BEFORE MEETING WITH AN ADVISOR.

Once your BearWeb Add/Drop access is closed each semester, a course is not considered officially dropped until you deliver your "Add/Drop" form to the Office of the Registrar on the third floor of Robinson Tower and wait there until it has been processed. You must attend class regularly until that time. Adding a class back into your schedule after it has been dropped is not always possible – the class may be full or the last day to add may have passed.

An advisor’s signature is required on the “Add/Drop” form within specific dates each semester during the “W” drop period. Go to BearWeb for your advisor’s contact information. It is important for you to understand the implications of dropping a class and whether dropping is the best action for your situation. Review and be prepared to answer the questions below before you meet with the advisor. You may also need to talk to your parents, your financial aid counselor, or the professor of the class before you can answer these questions. An advisor may require you to get your professor’s signature before approving the “Add/Drop” form. Additionally, an advisor may recommend that dropping a class is not the appropriate action by writing “AAA” (Against Advisor’s Advice) on all documentation.
