**Notes about major requirements:**

- *Pre-Film and Digital Media* - Students interested in Film and Digital Media as a major will choose the Pre-Film and Digital Media designation upon enrollment at Baylor. Application for entry to the Film and Digital Media major must be made to the Department after a student has completed, with a grade of "B" or better, FDM 1304 and FDM 2360. The Department will grant admission to all students who fulfill this requirement as it is explained here in the student handbook. Students may repeat each of these introductory courses only once if they fail to make a "B" or better the first time they take the course. Students may only remain in the Pre-Film and Digital Media major designation until completion of 60 hours. Students who have not met the admissions requirement at 60 hours will not advance to the Film and Digital Media major and must change degree programs. (Transfer students who enter with at least 15 hours will be given up to the completion of 90 hours to complete the two courses with a grade of "B" or better and progress into the Film and Digital Media major.)

- FDM 1303 is not a specific requirement. It would fulfill multiple requirements (Fine Arts and one FDM course), but students could fulfill those requirements from a different Fine Art and an upper-level FDM course, for example.

- FDM 2360 - students are encouraged to take this course as soon as possible because it is a prerequisite to many upper-level courses. However, due to limited class size, if students are not able to register for the class during the fall of the sophomore year, please register for it during the spring of the sophomore year.

- CSS 1301/02/04 is not required. It would fulfill multiple requirements (Fine Arts and the one CSS course), but the student could fulfill those requirements from a different Fine Art and an upper-level CSS course, for example.

- For more information, see the Baylor Undergraduate Catalog.

*Because of the number of electives, there is enough room for a minor with this major.

Please see reverse side for important information on general requirements.
