-

GLOSSARY

Texas Higher Education Assessment (THEA): basic skills test required by state law for all students entering a teacher preparation program. Students can be exempted by specific ACT/SAT scores.

Novice: Field based courses Education students take prior to formal admission to program.

Teaching Associate (TA): Start of the professional phase of teacher education program. Students spend 3-4 weekday mornings teaching in the field.

Texas Education Agency (TEA): State agency that oversees public education in Texas.

TExES (Texas Examination of Educator Standards) Certification Exam: Testing required by the state of Texas, for teacher certification.

Bio Sheet: Information sheet on the certifications you plan to seek and grade preferences for Internship year.

Internship: Culminating field experience, typically the final year of the program for teacher education candidates.
