MEMORANDUM FOR AFROTC DETACHMENT (DET) 810 MEMBERS

FROM: AFROTC DET 810/CC

SUBJECT: Detachment 810 Welcome Letter

1. Welcome to AFROTC Detachment 810 at Baylor University! As a new member, you are about to embark on a journey with the goal to earn the honor to commission as an officer in the United States Air Force. Know that this is an award-winning unit that sets high standards and will strive to bring out the best in you. Think of this as a multi-year job interview where you will be continually assessed on your leadership potential. Integrity First, Service Before Self, and Excellence in all we do are the Air Force Core Values you need to live by in this program. Excelling in the academic, fitness, leadership development, and service areas are vital if you are to succeed in this program.

2. Know that the Det 810 cadre and cadet wing leadership are vested in your success and are here to help but not carry you. Come prepared every day and give us your absolute best effort at every Det 810 training event. Remember that grades come first!

PAUL W. BRYANT, Lt Col, USAF
Commander
From the Pre-flight coordinators:

Welcome to Baylor University and more excitingly, welcome to Detachment 810! Congratulations on taking the first step towards becoming an officer in the world’s greatest Air Force. Starting today and continuing over the next four years, you will transform into a servant leader and a dynamic follower. As a cadet, this program will demand your best in a variety of fields. ROTC consists of rigorous training, long hours, and early mornings.

Being an Airmen is much more than just wearing a uniform; it is a part of every single member of the U.S. Air Force. It is a calling to serve this great Nation and to be a part of the proud heritage that has a tradition of honor and an undying legacy of valor. Though mediocrity is never allowed at Det 810 or in the Air Force, learning from your mistakes and those of others is vital. As Colin Powell once said, “there are no secrets to success. It is the result of preparation, hard work, and learning from failure.” Throughout your time in ROTC, you will fail on occasion, but your response and lessons learned from these failures will be what shapes you into the kind of leader fit for service in this great Air Force. The time, effort, and attitude you extend towards this program will be what ultimately decides your future in the Air Force.

Pre-Flight is a week-long opportunity created to give you the most informative start to your time in ROTC and your time as a college student. These few days in August are designed to help you adjust to the new life you will be starting here at Baylor University. We encourage you to ask questions and get to know as many cadets as you can on a personal level. Det 810 is a family and we are excited to welcome our newest members. Have a great summer and your new Det 810 family is excited to meet you soon!

Very Respectfully,

Cadet Daniel Strickland
Pre-flight Coordinator
