INTEGRITY FIRST, SERVICE BEFORE SELF, AND EXCELLENCE IN ALL WE DO
Incoming AS100s,

Welcome to Baylor University and welcome to Detachment 810! We are very excited to welcome you into our family. At Det 810, we take pride in our motivation and determination to work towards becoming better versions of ourselves. As a group, we push each other to be better and succeed in all avenues of college life starting at academics to physical fitness to leadership. During your time here you will make great memories and friendships which will sustain you during your time as a student, launch you into your professional career, and motivate you beyond.

Air Force ROTC is a rigorous training program that will prepare you to lead as an officer in the United States Air Force. We will demonstrate integrity first, service before self, and excellence in all that we do. You will be challenged during your time here. You will make mistakes. How you react to those mistakes is what dictates what happens next. During you time in the program you will learn how to think critically, solve problems, and work efficiently with a team. This program is designed to prepare you for real-life situations as an Air Force officer.

Pre-Flight is designed to acclimate you to Baylor University and Det 810 prior to the start of the semester. We will introduce you to our cadre, Pre-Flight staff, and a few other active cadets. We strongly encourage you to ask questions and to get to know your peers within your class and throughout the Detachment, we are excited to get to you know each and every one of you!

You have been called to serve in the world’s greatest Air Force, and we commend you for taking the first step toward doing so. This is just the beginning, and we are excited to see where your journey takes you.

Very Respectfully,

Cadet Mia Payan
Pre-Flight Coordinator

Cadet Kassandra Sawin
Pre-Flight Coordinator
Pre-Flight Schedule
