*All students must graduate with a minimum of 124 hours,
36 of which must be at the 3000/4000 level.*

Notes about major requirements:

- A minor in Greek provides a nice complement to this major.
- If you start in a higher-level Latin course, you still need to complete **27 hours of Latin courses**.
- Because most of our majors go on to graduate school, we have recommended certain courses that will prepare students for this likely eventuality. Some of these courses are only offered during one semester: CLA 3301-Roman Civilization (spring); CLA 3302-Greek Civilization (fall); HIS 4322-Ancient Greece (fall); HIS 4324-Ancient Rome (spring).
- English requirement: Students are allowed to take either ENG 1304 or FAS 1118, 1128, and 1138. Students majoring in the sciences may take ENG 3300 instead of ENG 1304.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
- For more information, see page 78 in the undergraduate catalog.

*Because of the number of electives, there is enough room for a minor or double major.

Please see reverse side for important information on general requirements.

Notes about General Requirements:

- Course selection is subject to availability within each semester.
- Please keep in mind that this is only a suggested sequence. Actual sequence will vary according to possible second major, minor, other program of study (including pre-health) and individual circumstances (ex., transfer credit, dual credit, and credit by exam).
- In order to complete your degree, you must fulfill all requirements in your major and general requirements for the Bachelor of Arts.
- To complete a double major, you may not count any courses toward both majors.
- For more specific information on general requirements, see undergraduate catalog pages 62-65.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
