### Notes about major requirements:

- FDM 1303 is not a specific requirement. It would fulfill multiple requirements (Fine Arts and one FDM course), but students could fulfill those requirements from a different Fine Art and an upper-level FDM course, for example.
- FDM 2360 - students are encouraged to take this course as soon as possible because it is a prerequisite to many upper-level courses. However, due to limited class size, if students are not able to register for the class during the fall of the sophomore year, please register for it during the spring of the sophomore year.
- The CSS 1301/02/04 is not required. It would fulfill multiple requirements (Fine Arts and the one CSS course), but the student could fulfill those requirements from a different Fine Art and an upper-level CSS course, for example.
- English requirement: Students are allowed to take either ENG 1304 or FAS 1118, 1128, and 1138. Students majoring in the sciences may take ENG 3300 instead of ENG 1304.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
- For more information, see page 80 in the undergraduate catalog.

\*Because of the number of electives, there is enough room for a minor with this major.

**Please see reverse side for important information on general requirements.**

**Notes about General Requirements:**

- Course selection is subject to availability within each semester.
- Please keep in mind that this is only a suggested sequence. Actual sequence will vary according to possible second major, minor, other program of study (including pre-health) and individual circumstances (ex., transfer credit, dual credit, and credit by exam).
- In order to complete your degree, you must fulfill all requirements in your major and general requirements for the Bachelor of Arts.
- To complete a double major, you may not count any courses toward both majors.
- For more specific information on general requirements, see undergraduate catalog pages 62-65.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.

**Social Science (One course from 3 areas - 9 hours):**

- ANT 1305 or 3301
- ECO 1305 or 2306 or 2307
- FAS 1303 or 1305, or 3 courses from FAS 1115, 1125, 1135
