

Are you a student who –

- ✓ Likes to read and discuss with others what you've read?
- ✓ Enjoys reading and analyzing primary texts?
- ✓ Is eager to learn about cultures and peoples from around the world?
- ✓ Thinks engaged learning experiences (such as field trips) are FUN?
- ✓ Likes small classes and an opportunity to be engaged in an academic learning community as a freshman/sophomore?
- ✓ Desires to network with students across schools and degree programs?
- ✓ Appreciates exposure to faculty from a wide range of disciplines?
- ✓ Wants to build solid skills in writing and communication?
- ✓ Enjoys thinking across the lines and appreciates an interdisciplinary, global education?

You just might be a BIC student!

Qualifications: BIC is an interdisciplinary general education curriculum that replaces many general education requirements. Students must apply to BIC and we look at SAT/ACT scores, class rank, and the application (short essays) to determine a good fit. We also consider the student's overall academic plan. Students may only enter BIC in their first semester at Baylor.

Compatibility: Students should be prepared for a reading load that can be more demanding than the entry level general education courses. Motivation and commitment will help the student make the transition to the BIC curriculum and once mastered, this familiarity is such that they adapt easily to the BIC courses from semester to semester.

Benefits: BIC students are among some of the most successful students at Baylor. They excel in academics and go on to graduate school, law school, medical school or the job market. BIC students are also leaders who serve in the community as well as numerous Baylor organizations, including student government. BIC students consistently receive prestigious scholarships such as Fulbright, Goldwater, and Truman.

Contact: Call the BIC Office at 254-710-3981 or visit us in Morrison 231
