*All students must graduate with a minimum of 124 hours,
36 of which must be at the 3000/4000 level.*

Notes about major requirements:

- This major is designed for teaching.
- Additional advanced hours are required and a strong minor is encouraged.
- Additional geology or chemistry will be required for a laboratory technician position.
- GEO 1405: Although GEO 1401/02/03/08 are also accepted for the major requirement, GEO 1405 is preferred as it is the pre-requisite for GEO 3427.
- Those desiring to be professional geologists should pursue the BS degree.
- Check your degree audit often through Bearweb to ensure that you are making timely progress toward your degree.
- For more information, see the undergraduate catalog.

* Because of the number of electives, there is enough room for a minor with this major.
