All students must graduate with a minimum of 124 hours, 36 of which must be at the 3000/4000 level.

Notes about major requirements:

- For students pursuing the BS degree in Anthropology with a concentration in Forensic Anthropology, this major provides basic training in physical anthropology as well as an introduction to the subfield of forensic anthropology. Students will have the background to pursue graduate training in physical anthropology with an emphasis in forensic anthropology if they so choose. For students interested in pursuing a career in the forensic science field, it is recommended that the student also complete the minor in Forensic Science.
- ANT Subfields: The student must complete a minimum of three upper level (3000-4000) semester hrs in ANT from each of the following subfields: Cultural Anthropology, Archaeology, and Biological Anthropology. See your degree audit for course offerings in each subfield.
- ANT/FORS Electives: The student must complete at least nine semester hours of Advanced ANT/FORS electives, of which six hours must be ANT and three hours must be either ANT or FORS. *Note: ANT 4670, 4680, or 4690 (field school) may count as 6 hours of advanced ANT electives. Field school must be completed during either the first or second summer session; it is recommended that a student complete field school in the summer between junior and senior years.
- Lab Science Electives: Students must take at least eight semester hours from: BIO 1305/1105, BIO 1306/1106; CHE 1301/1101, 1302/1102; ENV 1301/1101, ENV 1303/1103; GEO 1405, 1406; NSC 1306/1106; PHY 1408 (or 1420), PHY 1409 (or 1430).
- Science/Math Electives: The student must complete an additional 20 hours of science and mathematics courses from one or more of the following fields: Biology, Chemistry, Environmental Studies, Geology, Mathematics, Neuroscience, Physics, and Statistics. All courses selected must apply to a major in their respective departments. *Note: The total number of Science/Math Elective courses will vary depending on the number of lab courses as well. ALEXs placement exams are used by the Baylor Math Department for placement in MTH 1320 and MTH 1321. Please refer to the Math Department website for full instructions on the exam process.
