Notes about major requirements:

– **Important Note:** A student who earns a D or F in a PSY or NSC course may repeat the course. However, a student earning a second D or F in the same, or in a subsequent PSY or NSC course will not be eligible to continue in the Psychology or Neuroscience major. The student may, however, be eligible to continue studies in another major in the University. Students who believe they have individual circumstances warranting an exception to these grade minimums and failure policies may appeal to the department chair.

Pre-Major - All students are admitted as a Pre-PSY major. Students may apply to be admitted into the PSY major when they have achieved certain requirements. Please see your catalog for those requirements.
