The sequence listed above is based on two 18 hour majors. Electives may also be used towards another major in the Business School or a minor or secondary major outside of the Business School. Elective hours will vary for each student, must be taken for a grade, and are only needed to reach the 124-hour minimum to graduate. Course selection is subject to availability and fit within each semester.

Boldface type – Requirements for admission to the Business School. All **BOLDED** courses in first year must be taken at Baylor unless transferred prior to matriculation.

*Business Core

Personal Development: (2 hours) Choose either one Lifetime Fitness course, AS 1111, MILS 1111, or MUEN 1102 (*Marching Band*) AND PUBH 1145 (*Health and Human Behavior*). BIC students may substitute BIC 1212 (*Examined Life I*) for this requirement in their first semester.

Language/Communication: (3-4 hours) Choose one of the following options: JOU/FDM 3372, ENG 3000-4000 level course, PWR 3000-4000 level or Foreign Language (including American Sign Language).

Math: (3 hours) MTH 1321 requires one of the following – a SAT math score of 650 or higher, an ACT math score of 27 or higher or an ALEKS score of 80 or higher.

HANKAMER SCHOLAR REQUIREMENTS FOR THE BBA

In order to continue as a Hankamer Scholar, a student must complete a minimum of 24 credit hours at Baylor, maintain a minimum 3.4 cumulative Baylor GPA; complete BUS 1101, BUS 1350, ENG 1310 (or BIC 1323), MTH 1321, ECO 1380, QBA 2302, ACC 2303, and ACC 2304 with a minimum grade of “C” in each course. Post-matriculation, students must complete all Hankamer Scholar Requirements in-residence. Hankamer Scholars must meet the pre-requisites listed on all business courses. If these requirements are not met, the student will transition to the Pre-business degree plan.

DECLARATION OF MAJOR IN HANKAMER SCHOOL OF BUSINESS

Once a Scholar has satisfactorily completed the Hankamer Scholar Requirements including earning a minimum 3.4 cumulative Baylor GPA, then the student will declare their specific major(s) within the School of Business.

Hankamer Scholars may progress into upper division courses (3000-4000) if they have successfully taken the suggested (advised) sequence of lower core courses and should logically begin taking an upper division Business core course. However, under no circumstances will a Hankamer Scholar be allowed to take a course in a specific major until they have completed all of the Scholars Requirements listed above.

External transfer (students transferring to Baylor from another institution) and internal transfer (students transferring majors within Baylor) are not permitted to enter the Hankamer Scholars program.

COURSE REPETITION

A student may repeat a course for which his or her highest earned grade is a “C-“ or below. The course should be repeated during the following semester in which the student is enrolled at Baylor. No BBA student may retake a grade of “C” or higher.

A Hankamer Scholar may repeat only once no more than two of the Hankamer Scholar required courses. A grade of “W” does not count as a repeat for this policy. However, the University course repetition policy limits the total number of attempts of a course, including “Ws”, to three. Any student not meeting this requirement may no longer follow the BBA degree. Students failing any of the courses due to the attendance policy may be required to change degree programs.

See school or departmental major/minor requirements for policies governing the repetition of courses in specified academic areas and specific major requirements.

BBA MAJORS

A BBA student must complete coursework leading toward a major of 12 to 19 hours in a particular field. A student may choose a major from the following: **Accounting, Business for Secondary Education with Teacher Certification, Economics, Entrepreneurship and Corporate Innovation, Finance, Human Resource Management, International Business (second major only), Management, Management Information Systems, Marketing, Professional Selling, Risk Management and Insurance, Supply Chain Management.**
