*Courses with a * indicate fall or spring ONLY

All students must graduate with a minimum of 124 hours, 36 of which must be at the 3000/4000 level.

** Must be in this semester of this year

Notes about major requirements:

*Indicated the course is offered only that semester

Courses in the Interior Design Major are highly sequenced and must be followed according to the MAP

Freshman Review: Prior to advancement to the Sophomore level classes, an end of freshman level review is required. The review requires: 1. A minimum GPA of 2.85 or higher in the ID and Art courses required in the freshman level studio sequencing. 2. Interior design faculty recommendation for advancement based on academic performance and participation.

Sophomore Portfolio Review: The ID program requires that each student present for formal review a portfolio of design projects the term before entering interior design classes at the junior level or above. This review is a selective process by which the design faculty identifies students who are prepared in skills and knowledge to process to the junior level studio courses. Requirements for Portfolio Review: 1. Overall GPA of 2.5 at the end of the fall term prior to the sophomore portfolio review to make application. 2. Passing of the written and practicum portions of the portfolio review. 3. Submission of their portfolio for review by an external panel. 4. A 2.75 overall in Interior Design courses at the end of the spring semester.

Post-matriculation students wishing to change their major to ID must have a cumulative GPA of 2.25 in order to be accepted into the program.

A grade of "C" or better in all family and consumer sciences courses (ADM, CFS, FCS, ID, or NUTR) used for the major and a "C" average in courses taken outside the department.

Check your degree audit often through Bearweb. For more information, see the undergraduate catalog.
