

Baylor University Board of Regents
Resolution on the Baylor Dining and Facilities Teams

February 19, 2021

WHEREAS, the men and women of the Baylor Dining and Facilities teams are vital members of the Baylor Family, providing services essential to the successful operation of the University and contributing their spirit and valued talents to the campus community.

WHEREAS, the staff members of the Baylor Dining and Facilities teams have gone above and beyond their normal duties during the disruptive and deadly winter storm that has affected life in Texas and at Baylor this past week, finding the means however possible to travel to our campus and, in some cases, walking or driving in treacherous conditions and staying in temporary quarantine housing to ensure our students were fed and damage across campus was repaired.

THEREFORE, BE IT RESOLVED that the Baylor University Board of Regents and Baylor President Linda A. Livingstone, Ph.D., gratefully extend the appreciation of the entire Baylor Family to the staff members composing the Baylor Dining and Facilities teams.

AND BE IT FINALLY RESOLVED that this resolution be shared with the men and women of the Baylor Dining and Facilities teams in recognition of their significant contributions and selfless dedication to the welfare of Baylor students and the success of the University.

The Baylor University Board of Regents this nineteenth day of February two thousand twenty-one:

[*signed*]

Mark Rountree
Chair, Board of Regents
Baylor University

Members of the Board of Regents
