Baylor University: Hankamer School of Business: Department of Information Systems

Clinical Assistant Professor of Information Systems (non-tenure-track)

Location: Waco, TX

Position open until filled

The Department of Information Systems in the Hankamer School of Business at Baylor University invites applications for a non-tenure-track position at the clinical assistant professor level. The primary teaching responsibility for this position will be BUS 1305 – a course in Excel and Access that is required of all freshmen pre-business majors. Candidates should be devoted to excellence in teaching. Salary is competitive and commensurate with experience and qualifications.

Qualifications

Candidates should possess, or expect to earn before beginning their appointment, at least a master’s degree in business or closely related field. Those with a doctorate in Information Systems or a closely related field will also be considered with a slightly reduced teaching load to help support research activities. While prior industry experience is not mandatory, it is preferable. Along with these academic and professional credentials, applicants should have the ability to collaborate effectively with other faculty in a dynamic team-oriented educational environment. The normal teaching load for this position is four courses in both the fall and spring semesters. For someone on the research track, a one course reduction during one semester is offered each year.

Application Instructions

Candidates should provide 1) a letter of interest, including a statement of personal faith and potential fit with Baylor’s Christian mission; 2) a curriculum vita; and 3) three letters of recommendation on Interfolio (https://apply.interfolio.com/65426). If you have questions regarding the position, please contact our department chair, Dr. Jonathan Trower (Jonathan_Trower@baylor.edu). For questions about the application process, please contact Carol Marroquin, Office Manager/Department of Information Systems (Carol_Marroquin@baylor.edu).

Department and University Information

The Hankamer School of Business (http://www.baylor.edu/business/) is AACSB accredited and home to the Department of Information Systems (http://www.baylor.edu/business/mis/). The Information Systems Department has 31 fulltime faculty supporting three fulltime MIS degrees (BBA, MSIS, and PhD) as well as business school service courses in quantitative business analysis (QBA), MIS, and business communications. Faculty positions in Baylor’s Department
of Information Systems offer market-competitive salaries, generous research support, and better than average benefits. Benefits include tuition remission for spouses and dependents at Baylor and a consortium of other highly regarded private universities.

Baylor University is a private Christian university and a nationally ranked research institution, consistently listed with highest honors among The Chronicle of Higher Education’s “Great Colleges to Work For.” The University is recruiting new faculty with a deep commitment to excellence in teaching, research and scholarship. Baylor seeks faculty who share in our aspiration to become a tier one research institution while strengthening our distinctive Christian mission as described in our strategic vision, Pro Futuris, (www.baylor.edu/profuturis/) and academic strategic plan, Illuminate (baylor.edu/illuminate). As the world’s largest Baptist University, Baylor offers over 40 doctoral programs and has more than 17,000 students from all 50 states and more than 85 countries.

Baylor University is a private not-for-profit university affiliated with the Baptist General Convention of Texas. As an Affirmative Action/Equal Opportunity employer, Baylor is committed to compliance with all applicable anti-discrimination laws, including those regarding age, race, color, sex, national origin, marital status, pregnancy status, military service, genetic information, and disability. As a religious educational institution, Baylor is lawfully permitted to consider an applicant’s religion as a selection criterion. Baylor encourages women, minorities, veterans and individuals with disabilities to apply.
