	_____ 3 SOC 1305 <i>Introduction to Sociology</i>
Total: 16	Total: 17

Notes about major requirements:

Students will choose Calculus or Statistics based on their professional goals.

Calculus is required for Pre-Medical and Pre-Dental tracks.

Statistics is required for Pre-Medical, Pre-Dental, and Pre-PT.

For Statistics, choose one course from the following: STA 1380, 2381, 3381, PSY 2402, or SOC 3402.

GPA Requirement

To declare the Health Science Studies (HSS) major as an entering first-year student or transfer, students must be eligible to register for both BIO 1305 and 1105 and CHE 1301 and 1101 or have completed these courses. Students who wish to change their major to Health Science Studies after completing course work at Baylor must be eligible to register for the courses above as well as have a cumulative GPA of 3.2 for the PreMed/PreDent and Pre-Physical Therapy concentration. A GPA of 2.75 is required for Pre-Athletic Training, Science Education and Health Professions concentrations.

Students whose cumulative GPA falls below the minimum requirement in any semester will be placed on probation for one semester. Students whose cumulative GPA falls below the required minimum for their track for a second consecutive semester must select another major or alternative track for which they do have the minimum cumulative GPA.

Students not meeting criteria for admission to the major may enroll in the Pre-Health Science Studies program, which will allow them to be advised by the Robbins College of Health and Human Sciences. Students who demonstrate ability to meet GPA and course readiness requirements may transition into the Health Science Studies major. Students are expected to matriculate into the Health Science Studies major within completion of 30 hours at Baylor. Students not meeting the criteria for admission to the Health Science Studies major within that time frame must select another major.
