Rev. Dr. Martin Luther King Jr. once said, "Life's most persistent and urgent question is: 'What are you doing for others?'"

The Martin Luther King Jr. Day of Service is an opportunity to answer that question; an opportunity to honor the legacy of the late Dr. King by showing love to others and working towards the beloved community that he dreamed of.

Dr. King believed in a nation of freedom and justice for all, and encouraged all citizens to live up to the purpose and potential of America by applying the principles of nonviolence to make this country a better place to live—creating the Beloved Community.

MLK Day of Service is the perfect time to answer Dr. King's challenge to do something for others. Just as Dr. King set big goals and focused relentlessly on results, we need sustained citizen action to address today's social challenges.

The MLK Day of Service is a way to transform Rev. Dr. Martin Luther King, Jr.'s life and teachings into community action that helps solve social problems. That service may meet a tangible need, or it may meet a need of the spirit. On this day, Americans of every age and background celebrate Dr. King through service projects that strengthen communities, empower individuals, bridge barriers, and create solutions.

Written by Ben Belz, a Baylor graduate and VISTA.
