

# 1<sup>st</sup> Annual BAYLOR “TOP SHOT” CLAY COMPETITION

More than a year ago, an idea surfaced to create a scholarship event that is unlike anything seen here at Baylor. The alumni, friends and family of the Hankamer School of Business and the School of Engineering & Computer Science have stepped up to create a unique opportunity for you to respond. The 1st Annual Baylor Top Shot Clay Competition is an opportunity for you to make a difference in the lives of our students while having fun.

Few investments can more directly influence the lives of students than scholarships. And even fewer opportunities exist for you to make that investment and have as much fun.

Won't you consider making a gift, in the form of a sponsorship, that will impact Baylor students for generations to come... that will bridge the gap and allow deserving students a chance at success?

Can our Baylor students count on your support?
