

“A community of students with a common interest in language, cultures and service, both locally and internationally ”

The mission of Baylor University is to educate men and women for **worldwide leadership and service** by integrating academic excellence and Christian commitment within a caring community.

In the GC-LLC, we strive to fulfill the University’s mission. The Global Community encourages and promotes friendship, appreciation and a deeper understanding among cultures and people.

Students immerse themselves in a cosmopolitan experience that concretely and innovatively connects them with the international people, interests and curriculum of Baylor University. GC-LLC members live in language immersion suites, participate in a course that explores cross-cultural learning, serve on a weekly basis either in the Waco community or on campus, conduct research, and create a portfolio of experiences tailored to their own interests and goals.
