3-day summer teacher workshop on the Texas Coast
June 8-10, 2022

Learn how to involve YOUR classes in a meaningful watershed education experience to explore the watershed where YOUR school is and how it contributes to the Matagorda Bay.

Priority given to 5th-12th grade teachers from school districts in Calhoun, Colorado, Fayette, Jackson, Lavaca, Matagorda, Victoria and Wharton counties. Not limited to science teachers. Other Texas coast counties are encouraged to apply. Group participation encouraged.

$300 participation stipend
Continuing professional education (CPE) credit provided for all activities

Apply now through April 29, 2022
