

Security Questions for Expired or Forgotten Password

To reset your expired password by answering your security questions, go to:
<http://www.baylor.edu/bearid>, and enter your BearID in the blank provided. Click the **Submit** button.

Set/Reset your Password

You may quickly and securely reset passwords to your accounts.

* Required field

1 Enter your BearID

* User Name:

SUBMIT

[Forgot your BearID?](#)

Select the first option: "By providing answers to my security questions..." and click the **Next** button.

2 Verify your identity

By providing answers to my secret questions

By providing the password to one of my accounts

NEXT

You will be presented with two of your security questions. Answer the questions as you did upon initial setup and click the **Submit** button.

2 Verify your identity: answer your security questions

Question 1

*In what city or town was your first job?

Answer for Question 1

Question 2

*What was your mother's hometown?

Answer for Question 2

CLEAR ALL **SUBMIT**

Make sure the "Active Directory" option is selected. Enter your new password in both fields. The password rules are listed to the right. Click the **Submit** button.

3 Select the desired accounts (or "account groups") for password reset and create a new password

You may use the same password for multiple accounts and account groups if it does not violate password rules.
